Exercice 3: Read the following text and answer the questions bellow

Dear Director of Research and Development department,

I trust this email finds you well. My name is AMARI Nawel, and I am currently studying for a master's degree 01 in Biological Sciences at Abderrahmane Mira University's Faculty of Biology in Bejaia. I am writing to express my sincere interest in the internship opportunity within the Research and Development department at Cevital, as advertised on your company's website.

Throughout my academic journey, I have had the privilege of studying various aspects of biological sciences, gaining a strong theoretical foundation in areas such as molecular biology, genetics, and ecological systems. I am particularly drawn to Cevital due to its reputation for innovation and commitment to excellence in the industry. I am eager to contribute to the groundbreaking work undertaken by the Research and Development team.

I would be grateful for the opportunity to discuss further how my skills and experiences align with the goals of Cevital. I am available for an interview at your earliest convenience.

Thank you for considering my application. I look forward to the possibility of contributing to the innovative work of Cevital.

Sincerely,
AMARI Nawel
