UNIVERSITY OF BEJAIA

FIRST YEAR LMD STUDENTS

DEPARTMENT OF TECHNOLOGY

Lecture 03

MODULE: ENGLISH

Nouns

1-kinds of noun in English

There are four kinds of noun in English:

*Common nouns: man, cat

*Proper nouns: Celine, France

*Abstract nouns: beauty, fear

*Collective nouns: team, group

2- Plurals

A- The plural of a noun is usually made by adding \underline{s} to the singular:

E.g. day \rightarrow days house \rightarrow houses

Other plural forms

B- Nouns ending in \underline{o} or \underline{ch} , \underline{sh} , \underline{ss} or \underline{x} form their plural by adding \underline{es} :

E.g. tomato \rightarrow tomatoes church \rightarrow churches brush \rightarrow brushes kiss \rightarrow kisses

 $box \rightarrow boxes$

But words of foreign origin or abbreviated words ending in **o** add **s** only:

E.g. photo→ photos piano→ pianos kilo→ kilos

C- Nouns ending in \underline{y} following a <u>consonant</u> form their plural by dropping the \underline{y} and adding <u>ies</u>: e.g. Country \rightarrow countries lady \rightarrow ladies

^{*} Nouns ending in <u>v</u> following a <u>vowel</u> form their plural by adding <u>s</u>:

E.g. boy
$$\rightarrow$$
 boys

day→ days

D-Twelve (12) nouns ending in f or $\underline{\mathbf{fe}}$ drop the $\underline{\mathbf{f}}$ or $\underline{\mathbf{fe}}$ and add $\underline{\mathbf{ves}}$. These nouns are calf, half, knife, leaf, life, loaf, self, sheaf, shelf, thief, wife, wolf.

E.g. life
$$\rightarrow$$
 lives wife \rightarrow wives

*The nouns *hoof*, *scarf* and *wharf* take either **s** or **ves** in the plural:

E.g. hoofs or hooves scarf or scarves wharfs or wharves

E-A few nouns form their plural by a vowel change:

E.g.
$$foot \rightarrow feet$$
 $man \rightarrow men$ $mouse \rightarrow mice$ $tooth \rightarrow teeth$

woman
$$\rightarrow$$
 women goose \rightarrow geese louse \rightarrow lice

F- <u>Collective nouns</u>, crew, family, team etc. can take a singular or plural verb; <u>singular</u> if we consider the word to <u>mean a single group</u> or <u>unit</u>: e.g. our team is the best.

or <u>plural</u> if we take it to mean <u>a number of individuals</u>: e.g. our team are wearing their new jerseys.

G- Compound nouns:

- 1-Normally the last word is made plural: e.g. boy-friend→ boy-friends
- 2- The <u>first word</u> is made plural with compounds formed of <u>**noun+preposition+noun**</u>.e.g. sister<u>s</u>- in- law.

3- Uncountable nouns (also known as non-count nouns or mass nouns)

*Names of substances considered generally: e.g. bread, cream, oil

*Abstract nouns: e.g. advice, beauty, courage, fear

Uncountable nouns are always singular and are not used with a/an: e.g. I don't want (any) advice or help. I want (some) information.

^{*}The plurals of *child* and *ox* are *children* and *oxen*.

These nouns are often preceded by some, any, no, a little etc.

NB.

* Many of the nouns in the above groups can be used in a particular sense and are then countable. They can take a/an in the singular and can be used in the plural; for example, hair (all the hair on one's head) is considered uncountable, but if we consider each hair separately, we say one hair, two hairs etc.: her hair is black. Whenever she finds a grey hair she pulls it out.

* Some abstract nouns can be used in a particular sense with a/an:

a help

E.g. My children are a great help to me.

a knowledge + of:

E.g. He had a good knowledge of mathematics.

a love+of/ a dislike+ of

E.g. a love of music.

Exercise.

Give the plural of each word.

- 1- girl→ girls
- 2- city→ cities
- 3- box \rightarrow boxes
- 4- $tooth \rightarrow teeth$
- 5- life→ lives
